Tulane University	USA	Tulane pairs the resources of a large research university with the benefits of a small liberal arts college. Small classes, averaging 20 students, are the norm, and faculty members are both accessible and approachable.	Research, Service, and Interdisciplinary-studies	1. The Tulane Pathway to Medicine (TPM) is a program that will provide Tulane University undergraduates early assurance admission into Tulane University School of Medicine (TUSOM). Students in the TPM program are essentially admitted to Tulane University and the Tulane School of Medicine at the same time right out of high school. 2. Creative Premedical Scholars Program. Students interested in majoring in the liberal arts, but ultimately seek to attend medical school and pursue a career in medicine, are invited to apply to this program. Successful applicants complete a liberal arts degree, are guaranteed admission to Tulane's School of Medicine, and do not have to take the MCAT. 3. Altman Program. The Altman Program in International Studies & Business is a special four-year undergraduate program that integrates liberal arts and business disciplines, extensive language instruction, and two study abroad experiences. Altman Scholars earn two degrees - a B.A. from the School of Liberal Arts and a B.S.M. from the A. B. Freeman School of Business. The Altman Program provides students with an Altman-specific course each semester, a cohort summer study abroad trip between freshman and sophomore years, and financial support for junior year abroad and internships.
Avila University; Concordia University Chicago; Herzing University; LIM College	USA	Currently, I am representing four U.S. institutions in Vietnam (including Avila University, Concordia University Chicago, Herzing University, and LIM College) to bring more study abroad options for Vietnamese students based on their interest. During the fairs, I will introduce our undergraduate programs, admission requirements, scholarship opportunities to high school students by showing our flyers, brochures and presentation slides.	Supportive, Career-Focused, Global	Business Administration with Concentrations, IT with Concentrations, Fashion Business
Furman University	United States	Furman University is a top ranked private liberal arts college located in Greenville, South Carolina, one of America's fastest-growing small cities. Furman students are prepared to pursue a meaningful life and career with The Furman Advantage, a personalized, four-year pathway to graduation. Choosing Furman is an investment in small class sizes averaging 14 students per classroom and a safe, fully residential campus consistently ranked among America's most beautiful colleges and known for its welcoming and friendly culture of southern hospitality. International students are guaranteed opportunities to engage in faculty-led research, internships, study abroad, club sports with state-of-the-art facilities, and much more. During the holistic admissions review process, all students are automatically considered for Furman's generous merit and need-based scholarships and can expect to receive the scholarship offer with admission.	Innovative, Valuable, Personalized	Neuroscience, Communication Studies, Music
California College of the Arts	United States of America	California College of the Arts educates students to shape culture and society through the practice and critical study of art, architecture, design, and writing. Benefiting from its San Francisco Bay Area location, the college prepares students for lifelong creative work by cultivating innovation, community engagement, and social and environmental responsibility.	Innovation, Community, Sustainability	Fine Arts, Design, Architecture
Indiana University Indianapolis	United States	We have viewbooks and guide students to check out our Linktree for all of the important details and deadlines about IU Indianapolis programs, as well as ways to connect with our team for follow up. Simon Fraser University	Canada	Simon Fraser University offers three campuses located on Canada's West Coast in the Metro Vancouver region. SFU consistently ranks as Canada's top Comprehensive University and offers over 300 programs across 8 faculties. Students can earn interdisciplinary degrees through studying across faculties, can participate in our robust co-op program, study abroad opportunities or be involved in undergraduate research.	Comprehensive, interdisciplinary, innovative	Business, Engineering Sciences, Psychology
Boston College	United States	Boston College, the first institution of higher education to operate in the city of Boston, is today among the nation's foremost universities, a leader in the liberal arts, scientific inquiry, and student formation. Grounded in the ideals that inspired our Jesuit founders, Boston College urges students to look inward but always to reach out—to develop their minds and talents to the fullest and use them in service to others. BC began as an undergraduate liberal arts college, but as its aspirations grew, it added graduate programs and professional schools fulfilling its charter as a university. Boston College has been committed to international collaboration since our founding in 1863.	Academically talented, intellectually curious, collaborative	Finance, Economics, Human-Centered Engineering
University of San Francisco	USA	There's no better place to launch your life than San Francisco. Here in the birthplace of progress and big ideas you'll find USF, a Jesuit university that for 167 years has fed students' passion to make a difference. Come learn with classmates even more diverse than the city itself. Intern at Tesla or Kiva (or both). Surf and ski on the same day. And study with professors—not TAs—who encourage you to find your voice and use it. USF graduates rank among the top 3% in the U.S. for their earning potential. But they don't only do well in the world. They change it for the better.	Great Location, Diversity, Urban Campus	Computer Science, Health Science, Neuroscience, and Entrepreneurship & Innovation
University of Dayton	United States	The University of Dayton is a top-tier private research university committed to educating the whole person and to linking learning and scholarship with leadership and service. Our mission empowers us to have a diverse, inclusive, and vibrant community of students from over 40 countries who call UD their home. UD is named one of 50 "Colleges that Create Futures" by The Princeton Review for academics and experiential learning that lead to great careers. Our rich history in research and access to more than 30 world-class research facilities provide students with many practical and experiential opportunities for learning, innovation and collaboration.	Belonging, Community, Research	Business, Engineering, Education
Worcester Polytechnic Institute	United States	WPI is a STEM-focused university that uses project-based learning. Students will work on hands-on projects throughout their time at WPI and will have a chance to do a Global Project at one of our 50+ Global Project Centers around the world.	innovative, collaborative, global	Robotics Engineering - WPI was the first university to offer this major. Computer Science, our largest major with an optional Master's in AI. Video Game Development - complete a BA or a BS!

Savannah College of Art and Design	United States	Savannah College of Art and Design is the most comprehensive art and design university in the world. It offers more than 100 degree programs and specializations, including 40 majors and over 75 minors, 27 of which are STEM programs. The diverse student body is motivated by a faculty with exceptional academic credentials and valuable professional experience. SCAD's innovative and growing curriculum is enhanced by advanced technology, equipment, and learning resources.	Innovation, Creativity, Inclusivity	Animation, Interior Design/Architecture, UX Design
Indiana University - Bloomington	USA	Indiana University in Bloomington ("IUB") is home to over 45,000 students from 144 countries, and 37% of IU's faculty has an international background. IU has the state-of-the-art academic and recreational facilities of a large state school, with the close-knit environment of a small liberal arts college, maintaining a 17-1 student faculty ratio, and an average class size of 30. Our global alumni network of over 700,000 includes Fortune 500 CEO's, Academy Award-winning film producers, Olympic athletes, and more.	Global, Innovative, Beautiful	Business & Economics, Public & Environmental Affairs, Biological Science.
University of Denver	United States of America	The University of Denver is a mid-sized private institution located in Denver, Colorado, USA. It has all the benefits of a Metropolitan area, with the feel of a small liberal arts campus. Students can easily connect with faculty here, with an average class size of 24 and a student-to-faculty ratio of 10:1, but they still have many opportunities to participate in research. We are designated as an R1 Research institution, too, which means we are among the top tier doctoral research programs in the country! Our campus was built in 1864 and has some amazingly beautiful architecture with one of the most famous US mountain ranges as a backdrop. We are particularly known for our business, music, international studies, sciences, and engineering programs, but we offer more than 100 different programs to choose from.	Intimate, personal, opportunities	International Studies, Business, Computer Science
University of Liverpool	United Kingdom	Founded in 1881, the University of Liverpool stands as the original 'redbrick' and a prestigious Russell Group member. With a 140-year legacy, our global reputation for pioneering research and teaching by leading academics tackles the world's toughest challenges. Ranked among the UK's top 30 and the world's top 200 universities, and a 'University of the Year' nominee, we offer diverse undergraduate and postgraduate programmes across Health and Life Sciences, Science and Engineering, and Humanities and Social Science, focusing on student passions and ambitions.
